

# Ulysses Awardees 2025

# Taighde Eireann Research Ireland

Project Title	Project Leader (Irl)	HEI	Project Leader (Fra)	HEI	Strategic Funding Partner	Irish Researcher Funding Amount
Glycoprobes for detection of critical priority fungal pathogens	Trinidad Velasco-Torrijos	Maynooth University	Annabelle Varrot	CNRS	Research Ireland & The Embassy of France in Ireland	€4888
From amorphous nanobricks to bone-mimetic composite materials.	Stanislas Von Euw	University of Galway	Giulia Mollica	Aix-Marseille Université	Research Ireland & The Embassy of France in Ireland	€4962
INTEGRATE: INTEGRative mixture models for joint differential Analyses of nesTEd multiomics data	Claire Gormley	University College Dublin	Andrea Rau	INRAE	Research Ireland & The Embassy of France in Ireland	€4785
Investigation of the effect of synovial fluids from rheumatoid and psoriatic arthritic patients on phagocytes activation and ROS production	Viviana Marzaioli	Trinity College Dublin	Jamel El Benna	Inserm - University of Paris	Research Ireland & The Embassy of France in Ireland	€5000
AGROPATH: Agropastoralism, herding intensification and the emergence of pathogens in Southwest Asia in the past studied using dental remains	Kevin Daly	University College Dublin	Marjan Mashkour	UMR 7209- AASPE- Archéozoologie, Archéobotanique. Sociétés, Pratiques et Environnements	Research Ireland & The Embassy of France in Ireland	€4620
Longitudinal changes in compliance with recommended childhood vaccinations in Ireland and France.	Irene Mosca	Maynooth University	Peter Eibich	Université Paris Dauphine-PSL	Research Ireland & The Embassy of France in Ireland	€4798
Relationality in the Capitalocene: developing a transdisciplinary approach to the ecopolitics of postcolonial land use through activism, social science, and the arts.	Catherine Gander	Maynooth University	Monica Manolescu	University of Strasbourg	Research Ireland & The Embassy of France in Ireland	€4910
AIEd for Good? Critical Perspectives on Artificial Intelligence and Education	Audrey Bryan	Dublin City University	Éric Bruillard	Université Paris Cité	Research Ireland & The Embassy of France in Ireland	€4998
CELTs: "Comparison of Electrical network models for the Transition towards the Smart grid"	Barry Hayes	University College Cork	Anne Blavette	Ecole Normale Supérieure de Rennes	Research Ireland & The Embassy of France in Ireland	€5000
EmpowerIng reSearCherS In Physical acTivItY pOlicy monitoring	Catherine Woods	University of Limerick	Aurélien Van Hove	Université de Lorraine	Research Ireland & The Embassy of France in Ireland	€4654
Correspondances: Poetry and Intermediality	Michael Hinds	Dublin City University	Juliette Utard	Sorbonne Université	EirGrid & RTE	€4980
